**3H**

Business Solution

Head

Heart

Hand

Main Concept

- **The HEAD helps you to** think enough to envision your company goals and strategic enough to fit your skills and abilities into the larger picture to serve your client requirements.

- **The HAND helps you to** Competence enough to lead your team to execute on your company goals and your client requirements.

- **The HEART helps you to** self-aware enough to know where your company is and what you're going to improve.

References of the Solution

- **Standards:** Focusing on All PM guidelines.

- **Lessons Learned:** Completed and integrated solution according to best practices.

- **Top Management Expectations:** Sharing PM practices and performance across functions to achieve top management expectations.

Why?
